

Sponsorship Opportunities

The Miami Valley Quarter Midget Racing Association is a non-profit organization that hosts races for children ages 5-16. Quarter Midgets are open wheeled race cars that look like scaled down versions of sprint cars, but are specifically designed and built for kids. We are part of a large national organization known as the United States Auto Club (USAC) that has been active since the 1950's. Quarter Midget racing is a family sport. The dads (and even some moms) are the mechanics, the moms score the races, and the kid's race. We are very proud of our sport and the excellent safety record that we have maintained.

As in the past, we rely on support from the businesses in our community to award nice trophies to the kids. The top three drivers in each class receive a trophy. Along with the winner's trophies, Rookie drivers are awarded a First Time on Track trophy after their first race and the fastest qualifier is awarded a Fast Time trophy. Each trophy is engraved with the name of the business or person who is sponsoring the class. We appreciate all the support we receive, and show our appreciation by advertising for our race sponsors throughout the event.
